Evergreens: Ornamental and Protective

If the windbreak around your home is inadequate, a grove of evergreens will soon pay for itself with the fuel it saves. An occasional tree in the yard adds beauty and cheer, especially during the winter months.

Shade Trees

If you have shade trees that are decaying and will soon need to be replaced, don't wait for them to die. Start some new ones now alongside the old trees so that they will be well started when you cut the old ones down. Our varieties are fast growers and give an abundance of shade.
